

# ARDEX A 45

## RAPID-DRYING REPAIR MORTAR

ARDEX A 45 is a rapid-drying and rapid-hardening, slump free internal repair mortar. With exceptional hardness and shrinkage free finish, ARDEX A 45 is ideal for creating new ramps, forming coves, patch repairs, stairs, around penetrations and filling cracks. The surface can be smoothed when wet trowelled prior to final set suitable for the installation of floor coverings.

- Rapid hardening and drying
- Ready to receive finishes in 90 minutes
- Slump free
- Shrinkage free

### Typical Uses

- Repairing and refacing concrete stair treads and risers, and concrete floors
- Filling, patching, and forming ramps and coves
