

ARDEX RA 88

MULTI-PURPOSE EPOXY REPAIR ADHESIVE

ARDEX RA 88 is a multi-purpose, high performance ceramic blend epoxy adhesive. Although being a 2-component epoxy, ARDEX RA 88 is ready to apply and requires no mixing. ARDEX RA 88 has a fast cure time - 2 hours - and cures over twice as strong as concrete. It is suitable for use as a repair adhesive on almost any material, and can cure underwater.

- Non-sag - perfect for overhead and vertical repairs
- High strength - cures stronger than concrete (>55MPa)
- Trowelable
- Can cure submerged in water
- Suitable for use with almost any material
- Suitable for use with Rhino Concrete Crack Lock
- Ready to apply - no mixing needed
- Fast cure time (2 hours)

Typical uses

- Repair adhesive for almost any material
- Repairing holes, spalls, cracks
- Repairing structural concrete cracks with Rhino Concrete Crack Lock
- Repairing rotten wood
