

ARDEX WR PRIME

PERFORMANCE ENHANCING POLYMER PRIMER & ADDITIVE

ARDEX WR Prime is a performance enhancing primer and additive for renders and other cement based construction products. When used as an additive for cement based renders, adhesives, screeds and grouts, ARDEX WR Prime will significantly enhance bond strength and increase flexibility and working time. As a primer, it will improve adhesion to numerous substrates.

- Enhances bond strength of cement based products
- Increases flexibility
- Increases working time when used as an additive
- Improves surface strength and adhesion of ARDEX repair mortars

Coverage

- 90m² per 15L pail

Packaging

15L

Code

23642

Location

- External or Internal
- Vertical, horizontal, or overhead

Typical use

- As a primer to improve adhesion to cementitious substrates
- As an additive to improve bond strength, flexibility, and working & drying time
