

ARDEX ST

NEUTRAL-CURE SILICONE SEALANT

ARDEX ST is a unique, neutral curing silicone sealant with good adhesion properties yet is easy to apply and smooth. It is also characterised by its antifungal agents to combat mould growth and its non corrosive properties. Once cured it forms a permanently elastic, water resistant seal that is able to accommodate movement up to 20% of the original joint width.

- Ideal for use with sensitive natural stone such as marble, sandstone and granite
- Contains fungicides to combat mould growth
- Flexible sealant for use in tile movement and connecting joints
- Easy to apply and smooth off
- Low odour
- UV and weather resistant
- Suitable for wet and submerged areas
- Use as a bond breaker with ARDEX waterproofing membranes
- Low VOC

Uses

- Movement joints (between tiles)
- Corners (tiled wall and floor)
- Connecting joints between tiled surfaces and bench tops
- Bath edges
- Cupboards and splashbacks

Suitability

- Marble
- Gneiss
- Granite
- Sandstone
- Limestone
- Glazed and unglazed tiles
- Enamel
- Laminated kitchen benches
- Aluminium
- Concrete
- Glass
- Porcelain
- Waterproofing membranes
- Wood
- Sanitary acrylics

Packaging

310ml cartridge
