

Unlike traditional powder adhesives, ARDEX AF 200 instantly bonds matting systems to the floor, eliminating curling and allowing tiling to commence immediately.

- High initial grab eliminates curling of the mat and ensures ease of application
- Exceptionally long tack time, matting can be installed up to an hour later
- Once installed tiles can be fixed immediately

*Claim a free v notched trowel with any 5 or 15 litre purchase of ARDEX AF 200. Offer available at participating distributors while stocks last.
